

Start-up FastTrack - Autumn 2017

A fast-track on how to start
your own business in Sweden

Do you have experience in running a business in another country? Or perhaps you have a good idea that you want to develop further?

Start-up FastTrack aims to help you run a business in Sweden. This intense start-up course runs through one month and gives you the opportunity to work on and develop your idea, with the support of experienced advisors.
